Table Runner using 5" Charm Squares

Finished size 20" x 58"

Fabric Amounts

(24) 5" Shop Hop Charm Squares

Fabric A Any coordinating fabric you choose for the star, 1/3 yard

Fabric B Any neutral fabric you choose for the setting triangles, 2/3 yard

Backing Fabric Wide Backing, 3/4 yard

Binding Fabric 1/2 yard

Cutting and Piecing Directions

For each star choose (8) 5" charm squares

Cut one 2 3/4" WOF strip for the star points (Fabric A, your choice of fabric)
subcut each strip into (24) 2 3/4" squares (piece 1)

Cut three 5" squares from Fabric A or a coordinating fabric for the center of the star (piece 2)

For each star, add the snowball corners to 4 of the charm squares.

Mark a line diagonally from 2 corners on each 2 3/4" square (piece 1) on the wrong side of fabric

Align one piece 1 to a lower corner of a charm square with the line touching the center sides of the 5" charm square. Line the edges up carefully. Sew along the drawn line. Trim 1/4" from sewn line and discard the triangles. Press out.

Add a second piece 1 to abutting corner. Repeat sewing, trimming and pressing to form 4 blocks.

Arrange blocks in 3 rows as diagram shows, using charm squares in corners and piece 2 in the center. Sew each row and press.

Sew rows together to finish 1 star block. Trim to 14" square.

Repeat above directions to build 2 more star blocks.

Setting triangles.

Side Triangles From a neutral background fabric B cut one 20 1/2" WOF strip. Subcut into one 20 1/2" square. Cut this square along 2 diagonal lines from corner to corner. This makes 4 side triangles.

End Triangles From the remaining neutral strip B, cut (2) 10 3/4" squares. Cut each square diagonally, making 4 end triangles.

Attach side triangles to edges of star blocks as shown. Center star will have 2 side pieces attached. Top and bottom star will have one side piece attached.

Sew blocks together

End triangles

Add 4 end triangles to top and bottom edges.

Add batting and backing (24" x 64").
